Customer Agreement Form

The following is a mutual agreement of sale and services between _____ (“Customer”) of _____, Maine, _____ and the business Atlantic Granite (“AG”).
The terms of the agreement are predicated on estimate # _____ dated _____ and are as follows:

A. SERVICES. Atlantic Granite will provide the following services to the Customer:

1. Templating of the customer’s existing cabinetry for the installation of new stone countertop(s).
2. Fabrication of new stone countertop(s) according to the template and/or measurements generated by Atlantic Granite.
3. Delivery of new stone countertop(s) to the customer’s address written above.
4. Installation of new stone countertop(s). Includes the attachment of the customer’s sink to the new countertop, if applicable.

*Additional services to be performed, if applicable:

1. _____.
2. _____.
3. _____.

Initial: _____

B. ESTIMATE & ORDERING. Atlantic Granite will provide an estimate based on the dimensions and specifications provided by the customer. Estimates will vary depending on the size of the project, stone choice, customization, etc. AG will use the estimate to determine an approximate payment amount between AG and the Customer. For items not included with the customer’s information, such as overhangs or backsplashes, AG will use company standards to assist or finalize the completion of the estimate.

The customer may choose a stone based on AG’s showroom samples or by a lot number on the vendor’s website. Once the customer has decided on their stone and has made a deposit, the template will be scheduled and AG will coordinate a time for the stones delivered (approximately around the time of the template).

Stone #1 Information:

Name/Color: _____ Type: _____

Finish: _____ Price per square foot: \$ _____

*Additional stones and information will be attached on a separate sheet.

The color/shade of the materials shown will vary significantly based on individual monitor settings, resolution, room lighting, and camera used. Our vendors recommend using pictures primarily to visualize the movements, patterns, veining, grain structure, imperfections, and other prominent characteristics of the material. Do not make color/shade decisions based solely on the pictures. The pictures shown represent the first slab in each bundle. Sequential slabs may vary in color, movement, and pattern.

Vendors strive to provide accurate bundle-level pictures, but discrepancies may exist. Vendors do not guarantee the pictures shown will represent the actual material available. The sizes shown are approximate only and subject to verification.

Natural stones are products of nature and are subject to variations in veining, color, and patterns. Natural stone may also have areas of oxidization or “rust” spots, which are elemental imperfections and are part of the stone’s biology. *Atlantic Granite is not liable for any finalized pieces that result in the appearance of any imperfections.*

The name displayed does not necessarily represent the only industry name for a particular color and does not necessarily represent the actual colors prominent in the material.

If the Customer's stone arrives in poor condition (cracked, fissures, chipped, etc.), AG reserves the right to send the stone back to the vendor to be replaced, which may cause a delay in the project.

Delays, situations, or issues may occur, including the postponement of stones to the port for vendors to obtain, particular stones not being available for purchase, stones that require a longer delivery time, or the insufficient amount of employees at one or more quarries or vendors, which may affect scheduling, stone obtainment, deliveries, etc.

C. DEPOSIT. The customer's first payment to Atlantic Granite is the deposit.

Deposit (50%) = \$ _____ (*due before scheduling a template date)

*Payment must be paid by cash, credit/debit card, or check made out to Atlantic Granite.

Initial: _____

D. SCHEDULING. Atlantic Granite will schedule the customer's template per the current schedule's timeframe. For AG to template the customer's countertops, the items in Section E are required to be completed. Due to the current schedule, job size, stone selection/availability, customizations, location of the job, etc., TEMPLATE DATES ARE SUBJECT TO CHANGE TO ENSURE THAT ALL CUSTOMERS GET THE BEST QUALITY OF WORK & SERVICE. AG ALSO RESERVES THE RIGHT TO CANCEL AND RESCHEDULE **ANY** TEMPLATE DATE.

*No rescheduling fee will be applied if Atlantic Granite needs to reschedule.

Initial: _____

E. PRE-TEMPLATE. Atlantic Granite requires customers to have the following tasks completed **before** the template date:

1. All existing countertops, backsplashes/side splashes, vanity tops, sinks, faucets, appliances, and other items have been removed. Removing the old countertops provides a "clean slate" for Atlantic Granite to view the structure and stability of the cabinets. This also allows AG to determine the location of a seam if needed.
2. All cabinets (OLD & NEW) are in place, level, and secure. Cabinets on top of the countertops must be in after the new countertops are in place. Our tops will be templated to be square, straight, and plum; this ensures that if the cabinetry is not level or even, the countertops will still be consistent. *This may result in uneven overhangs and reveals.*
3. Have at least 1 functioning outlet. The outlet must allow a 15' extension cord to reach and access all countertops. If multiple rooms are being templated, more functioning outlets may be required.
4. All necessary panels, trim, etc. must be installed and secure.
5. Sheetrock has been completely installed.
6. Disconnect all plumbing. Turn off/unplug stoves/ranges/ovens.
7. Stoves/ranges are pulled out. This is so that can run a level across the front of the cabinets to confirm they are even, level, secure, etc.
8. Mountable items such as the sink, faucet, soap dispenser, cooktop, etc., are on-site. The templater will bring those items to the shop to complete precise measurements and layouts and return items upon installation. It is at this time all seams if needed, will be planned out. (Farm/apron sinks must be set correctly before the template date).
9. All project details (stone type/color, radiuses, edging, backsplashes, the number of faucet holes, etc.) are determined and confirmed.
10. You or a representative (age 18 or older) are present during the template to answer questions and approve all related-related details.

Sinks and faucets *must* be present and inspected by both the Foreman and customer; these will be brought to the shop for templating and dry fitting before returning on the installation date. If any issues emerge, AG will contact the Customer with alternative solutions (ex: an under-mount sink not fitting in the sink box - needing room for anchors, hooks, etc. - so it has to be a drop-in sink).

The customer is required to sign the Template Sheet once complete; by signing the Atlantic Granite Template Sheet, the customer agrees to the suggested/needed changes, information, dimensions, specifications, layout(s), etc. Once the template is returned to the office, all dimensions and measurements obtained by Atlantic Granite will be recalculated and the remaining balance will be adjusted, accordingly.

*Atlantic Granite's foreman will review Template Checklist. It is at the discretion of the foreman whether or not the requirements were met or completed. If tasks are incomplete, the customer will have to reschedule a new template date and a **\$250 RESCHEDULING FEE TO THE CUSTOMER'S FINAL INVOICE.**

*THE CUSTOMER IS RESPONSIBLE FOR INFORMING AG OF ANY DELAY CONCERNING THE PREPARATION FOR THE TEMPLATE DATE. FAILURE TO MEET THE REQUIREMENTS WILL RESULT IN RESCHEDULING THE CUSTOMER'S DATE, DELAYING THE PROJECT AS WELL AS ADDING A **\$250 RESCHEDULING FEE TO THE CUSTOMER'S FINAL INVOICE**

Initial: _____

F. TEMPLATE. Atlantic Granite will measure and/or create physical layouts of the project using coroplast templating strips, allowing AG to create a structure and design for the customer to view. All final decisions regarding edging detail, radiuses, backsplashes, etc. are due. AG will discuss the template at completion and draw the layout. The customer must sign the respective form agreeing to the items discussed and the layout. At the end of the template, the Final Payment #1 payment is due.

*Final Payment #1 (25%) due upon template completion = \$ _____

*Payment must be paid by cash, credit/debit card, or check made out to Atlantic Granite.

Initial: _____

G. FABRICATION. Atlantic Granite will take the layouts from the template and place them onto the appropriate stones to mark the dimensions and specifications. AG will then cut into the stone with a bridge saw and transfer the pieces onto fabrication tables to be hand polished with wet/air polishers. Touch-ups and sealing (natural stone only) will be done before loading the stone onto the box truck to be delivered. AG will prep any seams during this stage, cut the sinkhole, drill faucet holes, and cut and polish any backsplashes.

*THERE IS NO SET TIME FRAME OF NOTICE IF THE STONE IS DAMAGED. FABRICATED STONE HAS A HIGH RISK OF DAMAGE THROUGHOUT THE ENTIRE PROCESS, EVEN IF THE STONE IS FABRICATED CORRECTLY AND WITH CARE. THIS FORM WILL ACT AS AN ACKNOWLEDGMENT ON BEHALF OF THE CUSTOMER.

INSTALLATION DATES ARE SUBJECT TO CHANGE TO ENSURE THAT ALL CUSTOMERS GET THE BEST QUALITY OF WORK & SERVICE. AG ALSO RESERVES THE RIGHT TO CANCEL AND RESCHEDULE ANY INSTALLATION DATE. *No rescheduling fee will be applied if Atlantic Granite needs to reschedule.

Initial: _____

H. PRE-INSTALLATION. The customer is required to complete the following items on the Install Checklist:

2. Remove all items from the cabinets.
3. Remove all breakable items, such as mirrors, vases, lamps, wall hangings, etc., from installation areas.

*Due to the current schedule, job size, stone selection/availability, customizations, location of the job, etc., INSTALLATION DATES ARE SUBJECT TO CHANGE TO ENSURE THAT ALL CUSTOMERS GET THE BEST QUALITY OF WORK & SERVICE. AG ALSO RESERVES THE RIGHT TO CANCEL AND RESCHEDULE ANY TEMPLATE DATE.

*THE CUSTOMER IS RESPONSIBLE FOR INFORMING AG OF ANY DELAY CONCERNING THE PREPARATION FOR THE TEMPLATE DATE. FAILURE TO MEET THE REQUIREMENTS WILL RESULT IN RESCHEDULING THE CUSTOMER'S DATE, DELAYING THE PROJECT AS WELL AS ADDING A **\$500 RESCHEDULING FEE TO THE CUSTOMER'S FINAL INVOICE**

I. INSTALLATION. AG will deliver the stone to the Customer's address and direct the pieces to the project area. AG will place the stone(s) onto the cabinets to ensure the pieces are correct, then caulk the areas with a silicone adhesive to help hold the stone in place. AG will tend to any seams and attach any backsplashes during this time. At the end of the installation, the Final Payment #2 payment is due.

*Final Payment #2 (25%) due upon installation completion = \$ _____

*Payment must be paid by cash, credit/debit card, or check to Atlantic Granite.

*If installing pieces remain, the Customer must pay for the installed sections. The new remaining balance will be due once the other pieces have been installed. If the remaining balance is not paid in full after 24 hours, AG reserves the right to seek legal alternative approaches and procedures to obtain the Customer's outstanding balance. AG will not be obligated to send a notice to the Customer, and *this Agreement will act as the appropriate notice.*
